Lesson 1 - The 5 Year Plan

‘I want to earn a job in the music industry”

- Family - To be able to provide a solid foundation where my family and I can eat from. To achieve this I need to (Year 1) - Follow my mentors instructions, and work hard. (Year 2) - Have achieved a interview at a music studio, from knowledge learned in year 1. (Year 2 - 4) Have achieved a job at a music studio or better, follow all instructions, work hard, remain and become a better professional every day. (Year 5) - Have earned my way up the ladder, and become one of the head producers.
- Health - To become healthy and remain healthy for my music producing career. (Year 1) Exercise at least one hour every day and make better eating habits. Go in for a check-up/ physical. (Year 2) Remain with my routine, go out and do more outdoor exercise activities. (Year 3-4) Take vacation time off for the health of my mind. (Year 5) Go to a doctor to have a check up to see how well I built my health from year 1.
- Love - To maintain a strong relationship with my family and friends through out my music producing career. (Year 1) Spend time with my family and make new friends in the music industry. (Year 2) Make strong connections networking with new people who will help me get where I want to be. Spend time with my family and keep that fire going. (Year 3-4) Become one large family from different mothers and create something gigantic that resonates with the world. (Year 5) Look back at my accomplishments and help others get where they want to be.
