

Kevin Butler

Owner, Engineer
Test Tube Audio
9403 Curlew Dr
Austin, TX 78748

To Whom It May Concern:

Charles Kirkpatrick studied and interned at my studio for roughly 6 months starting in October of 2011. During this time he was very helpful with things including setting up and tearing down before and after sessions, cleaning and organizing. His skill set since has expanded to the point where he is a fully competent engineer, producer and arranger. In addition, Charles was always punctual and willing to help with whatever task was at hand. I have no doubt that he will continue to grow as an audio professional either working freelance or for a company. I can sincerely recommend him to any future employer.
